

Cobra Kayaks goes You 'Tubing'

We have officially entered the social network system with our own you tube web-page-

We have created a list of our favorites and have a Cobra Kayaks Channel-- We do have a link from our webpage- Cobra Kayaks videos- please visit us at

<http://www.youtube.com/user/CobraKayaks1#p/f>

We have also downloaded a video- which is very much like watching paint dry- but soon will be posting some really exciting stuff.

We need your help with making the site exciting- so please email us with your links to Cobra Kayaks in action.

Happy paddling.
