

## Per•form•ance *n*

1. The manner in which something or somebody functions, operates, or behaves
2. The effectiveness of the way somebody or something does his/her or it's job (often used before a noun)

Cobra Kayaks / Glenwa Inc. is pleased to announce the release of their newest **Performance** Fishing Kayak, the 2006 Cobra **Mariner-XF**.

The **Mariner-XF** is the culmination of extensive R&D; resulting in a seamless combination of the three main elements that today's Kayak Anglers are looking for... Speed, Stability, and TONS of Internal and External Storage Space.

### Deck Features

- Self-Draining Footwells.
- Forward and Rear Flush Mount or Surface Mount Rod Holder Positions.
- Tons of customizable deck space for different layout and hatch configurations.
- Large Comfortable Cockpit with Dry Seating area.
- "Quick Drain" Scupper Holes
- Gigantic Tank Well with molded in bait/gear bucket recess.

The Cobra **Mariner-XF** is a Pure **Performance** Fishing Kayak from every angle and offers excellent initial and secondary stability as well as a super silent hull design for stealth paddling around easily spooked fish. Ample Rocker provides maneuverability and smooth paddling as well as stability during surf launches and landings, yet the keel design and tracking channels in the hull make for excellent tracking either with or without the optional rudder. Add that to a user friendly deck design that offers you more than enough options to truly customize the Mariner-XF to fit the way YOU want to fish, and you'll see why the Mariner-XF is raising the bar on what a Fishing Kayak should be.

### Vital Statistics

- Length – 14'3"
- Width – 31"
- Hull Depth – 12"
- ACTUAL Bare Hull Weight – 52 lbs
- Weight Capacity – 475 lbs.

**MSRP - \$865.00\***

\*(~~\$865.00~~ MSRP is for Bare Boat Only)
